Bulb & Seed Exchanges The Southern African Bulb Group runs an Annual Bulb and Seed Exchange in July -- August and “Ephemeral seed exchanges” (primarily for seeds which need to be sown immediately on receipt) in November each year, for SABG members only. See the section

Bulb and Seed Exchanges

- The **2022 autumn ephemeral seed exchange** list is available, thanks to its coordinator, Jon Evans. Details have been emailed to members, and can also be read on our [2022 Bulb & Seed Exchange](#) page. The deadline for requests from members for seeds and bulbs from the Exchange is 18th November 2022.
- The main seed and bulb exchange for 2022 has now finished.

News from other sources

Pacific Bulb Society RSS news feed

The PBS List is an email discussion of bulbs, sponsored by the Pacific Bulb Society, for people around the world. Although bulbs (defined more broadly to include all geophytes) are the focus, we recognize that people who grow them probably grow other things too and will be talking about them from time to time. Everyone is welcome to take part, simply click on Subscribe [in the link on the right just below]. *PBS List* <https://www.pacificbulbsociety.org/list.php>

These are the most recent posts in the PBS List. If you click on one, you will be able to see all the others.
